An Agenda for Chicago's Neighborhoods

Can our neighborhoods recover?

What will it take?

Tuesday, July 9th, 6 - 8pm Bethel New Life: Beth Anne Center 4950 W Thomas St. Chicago, IL 60651

The City of Chicago soon will be starting its Housing Plan - the fifth five-year plan since 1993 when the Chicago Affordable Housing and Jobs Bill was signed into law. Previous Housing Plans have created new resources, unprecedented transparency, and solved problems for the benefit of our great city and its neighborhoods. We face challenges not seen since the 1970s but believe that together we can shape the City's plan to rebuild communities. Join us on July 9th so we can hear your experiences and ideas.

Sincerely, Kevin Jackson Chicago Rehab Network
