

A Picture of Chicago Foreclosures: April-June 2009

Source: www.realinfo.net

In the second quarter of 2009 (April-June), there were 3,198¹ foreclosure filings in Chicago; half as many as the first quarter. The following report examines the trends illustrated by this quarter's foreclosure data.

Foreclosures on Recent Purchases	
Foreclosures with available date of deed	3,198
Purchased since 2000	2,542 (79%)
Purchased since 2007	719 (22%)

Every property had an available date of deed. Recent homeowners comprised most of the quarter's foreclosures with 79 percent or 2,542 properties purchased since 2000 and 22 percent or 719 purchased just since 2007. Two-hundred-twenty foreclosed homeowners owned their homes for at least two decades. This quarter, the median length of stay was four years and the average length was six years and 222 days. Sixty percent or 1,928 foreclosures were on homes owned for less than five years.

Sixty percent of the properties (1,886) had both primary and secondary mortgages. The average amount owed was \$303,369 while the median was \$211,000. The majority owed on properties was between \$100,000 and \$399,000 with the heaviest numbers in the \$100,000 to \$199,000 bracket. Altogether, outstanding mortgages amounted to over \$2 billion (\$1,361,919,325). Of the listings with the primary mortgage type available, conventional mortgages made up 2,781 properties with 123 (4%) of primary mortgages listed as FHA and 2 listed as VA mortgages. Less than half of primary mortgages (39%) had adjustable rates and approximately half had (48%) fixed rates².
