Notes: 2000 data adjusted to 2009 dollars. Owner cost burden data is for mortgaged owner households. Data from U.S. Census Bureau: 2000 Census and Estimates from the 2009 American Community Survey.

\*\* Data sample too small \*In between decennial census years, the American Community Survey groups Chicago's 77 community areas into 19 segments, called PUMAs. This is the smallest geography available as of February 2011 to understand neighborhood trends. For more information, visit <http://www.census.gov/acs> or contact CRN.
