

# AFFORDABLE HOUSING PLAN 2004–2008

## Quarterly Progress Report

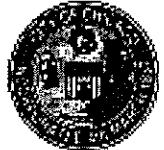

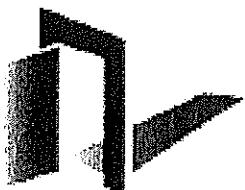

October–December 2006

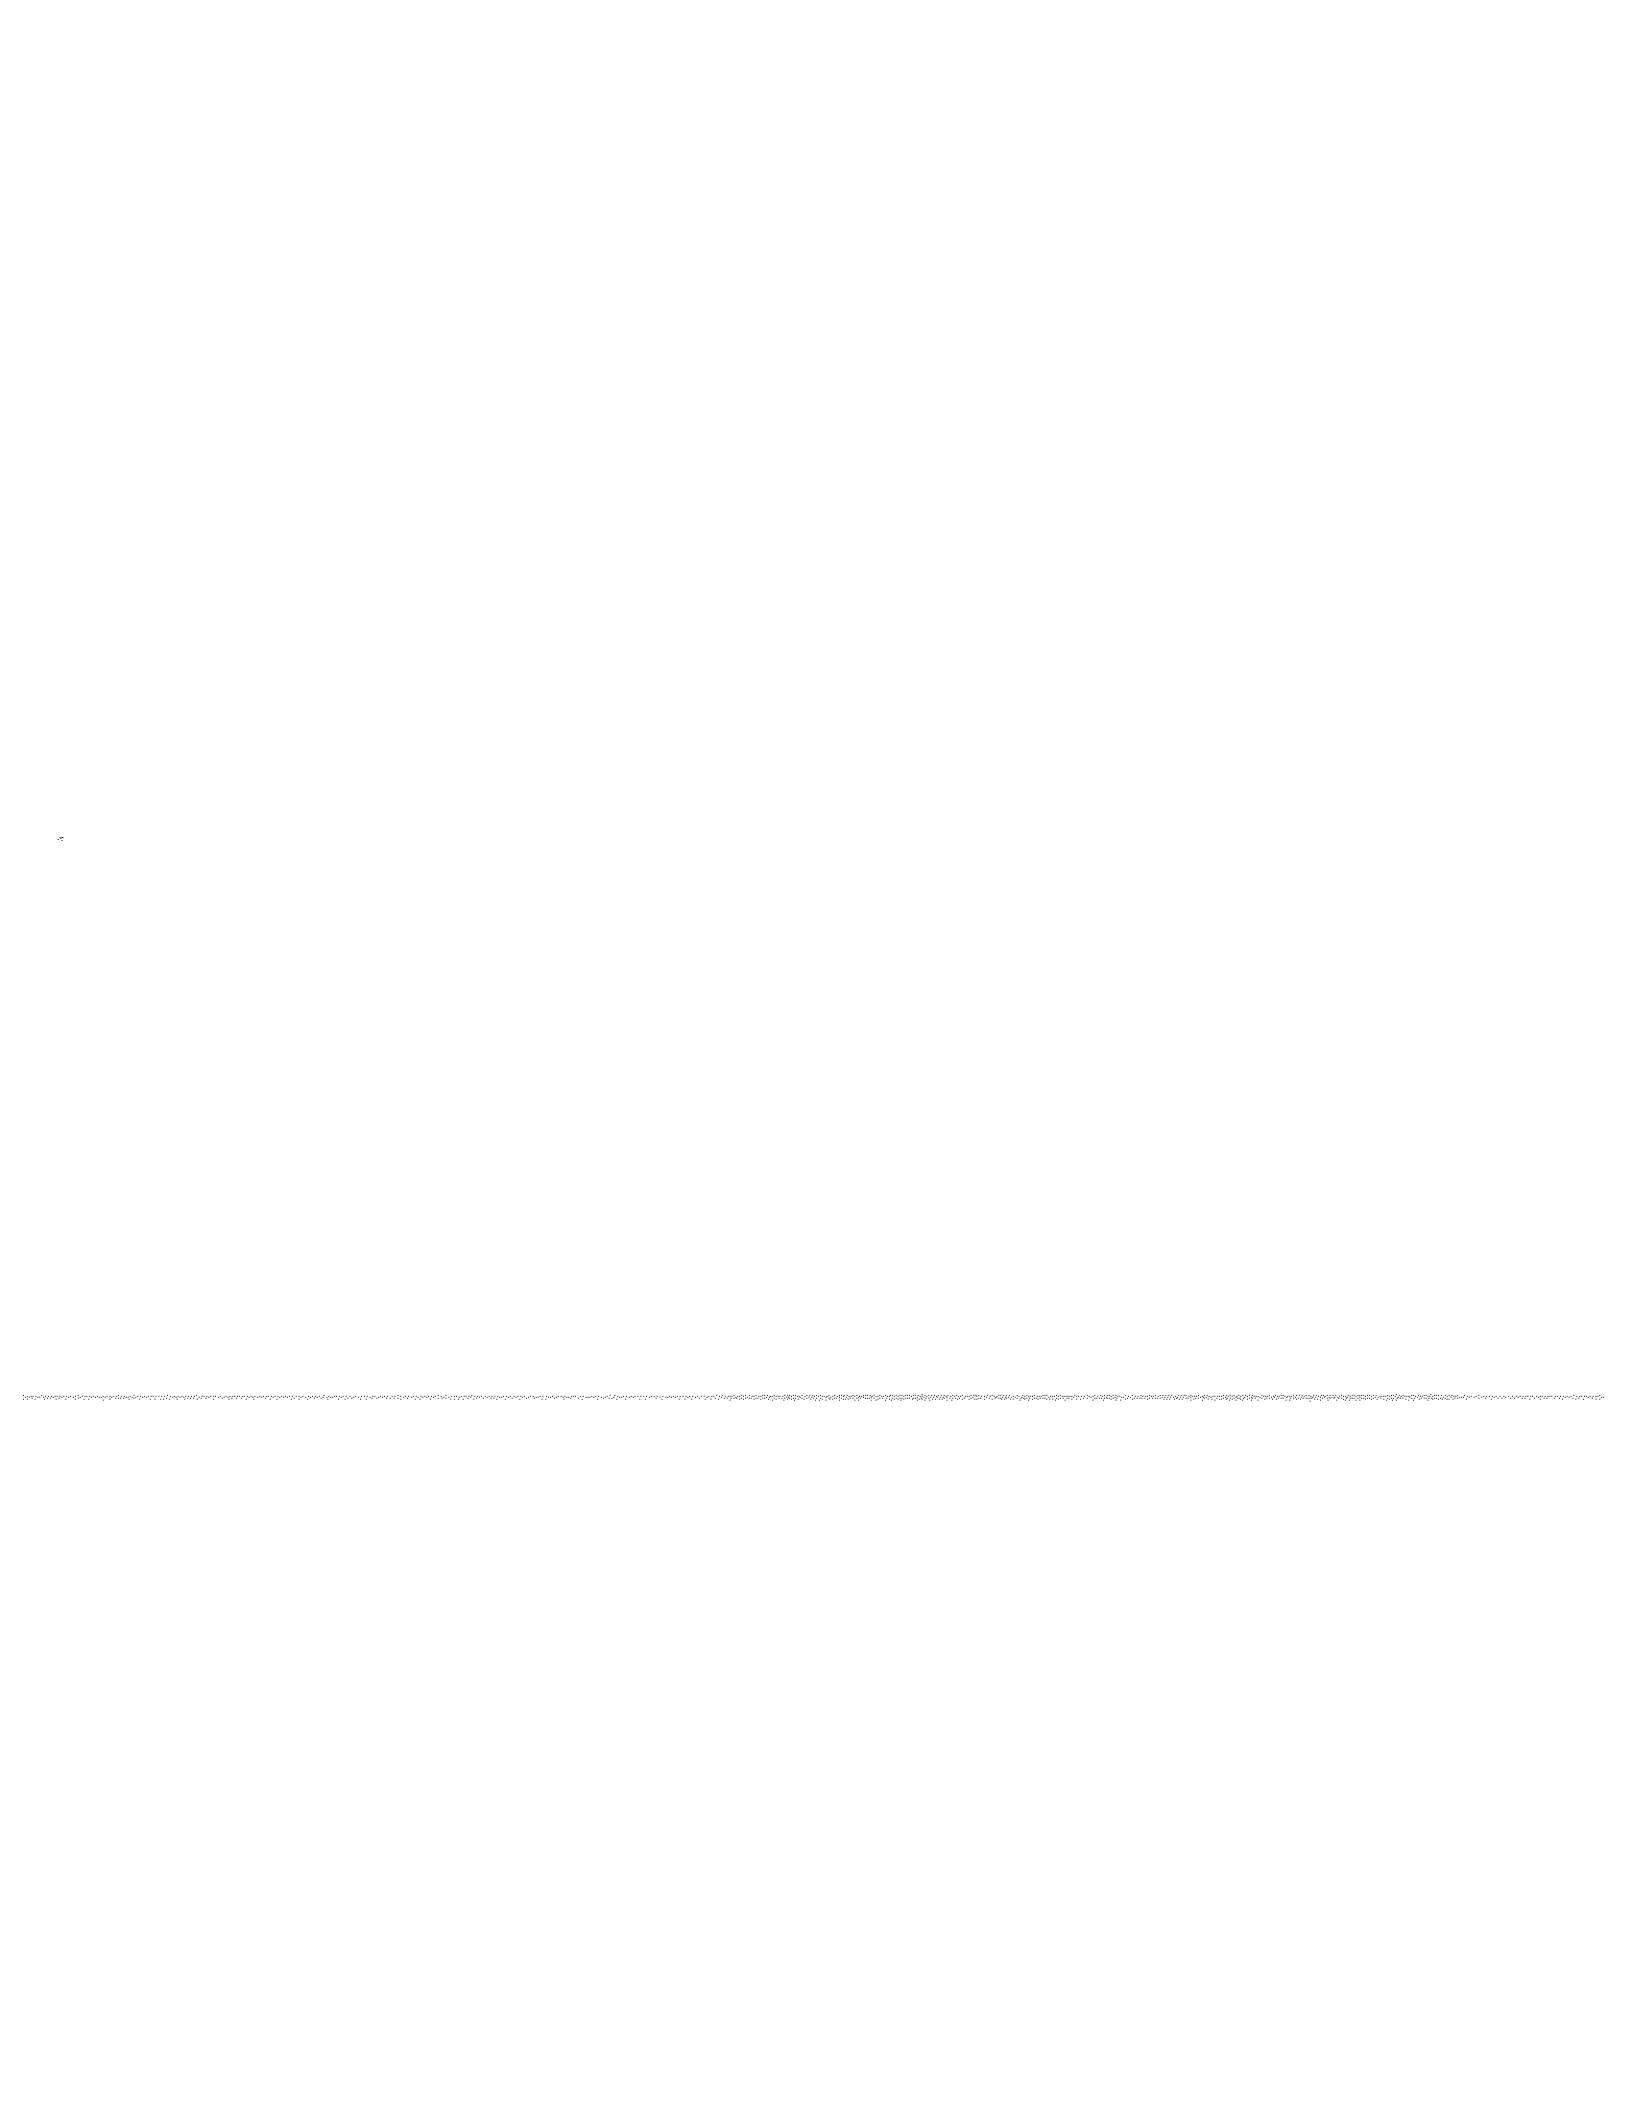

Keeping Chicago's  
neighborhoods affordable.

Chicago Department of Housing  
John G. Markowski, Commissioner

City of Chicago  
Richard M. Daley, Mayor

## LETTER FROM THE COMMISSIONER

I am pleased to submit the fourth Quarterly Progress Report of 2006, which presents the Department of Housing's progress on the goals set forth in the City's third Affordable Housing Plan, 2004-2008.

The end of 2006 marks the point at which we are three years through the current Five-Year Affordable Housing Plan. At this three-year point, DOH has committed more than \$1.3 billion, or 71%, of the \$1.88 billion we set as our goal in the Plan. These dollars were used to assist more than 29,000 units, or 60%, of the 48,085 five-year goal for units assisted. (See page 9 of the Appendix for a breakdown of these figures.) According to these figures, DOH is on target for meeting the goals set in the five-year plan.

The year 2006 was an active one for DOH. We committed more than \$526 million to support over 12,500 units of affordable housing. Highlights include:

- Aggressive use of TIF funds for multi-family developments: DOH committed nearly \$24 million in TIF funds to assist the construction and rehab of more than 800 units of affordable rental housing.
- Affordable single-family units in market-rate developments: Through the Chicago Partnership for Affordable Neighborhoods, Affordable Requirements Ordinance, and Downtown Density Bonus, the City secured commitments from developers to include nearly 400 affordable single-family units in market-rate developments.
- Emergency repairs for those most in need: Using approximately \$6.7 million, DOH assisted nearly 900 very low income households with emergency repairs to roofs, porches, and furnaces through the Emergency Housing Assistance Program.

Also in 2006, the Department sponsored 12 affordable housing expos in neighborhoods across Chicago, along with a new outreach event, the Chicago Cavalcade of Homes. The cavalcade was designed to make homebuyers aware of the many homes being built in the Chicago with assistance from the City. Approximately 2,000 people attended the event, which featured free bus tours that made stops at various residential developments throughout the City. This event required the collaboration of different City agencies, community groups, and developers, and I would like to thank everyone who helped make the cavalcade a very successful event.

We are proud of the City of Chicago's affordable housing accomplishments, and we will continue to develop new programs and policies to help keep Chicago's neighborhoods affordable for all its residents.

John G. Markowski  
Commissioner

## INTRODUCTION

This document is the Fourth Quarter 2006 report on the progress of the Chicago Department of Housing's third Affordable Housing Plan, 2004–2008.

DOH projected an active and productive year, committing over \$387 million in resources to support 11,461 units of housing.

Through the fourth quarter of 2006, the Department committed over \$526 million in funds to support over 12,500 units, which represents 137% of the 2006 unit goal and 113% of the 2006 resource allocation goal.

## **CREATION AND PRESERVATION OF AFFORDABLE RENTAL UNITS**

In 2006, the Department expected to support 7,600 units of multi-family affordable rental housing through loans for new construction or rehab, through rental subsidies and through property stabilization programs.

Through the end of 2006, the Department of Housing committed over \$335 million in resources to support nearly 8,500 units. These numbers represent 112% of the 2006 multi-family unit goal and 130% of the 2006 multi-family resource allocation goal.

### **Multi-Family Rehab and New Construction**

#### **Paul G. Stewart Apartments Phases I and II**

In October, the City Council approved an ordinance authorizing the rehabilitation of the Paul G. Stewart Apartment complex, two buildings for low-income seniors, in the Grand Boulevard community on the City's South Side.

The developer, Charles A. Beckett Associates LP, will renovate 420 units of low-income senior housing in Phases I and II of the development located at 400 E. 41st Street in the 3rd Ward. Phase I is a 25-story tower containing 250 apartments and Phase II is a 19-story building with 170 apartments. Plans call for the renovation of the units, a mix of studios to two-bedroom apartments, to begin in the fall of 2006. Monthly rents will range from \$650 to \$850.

The City will invest up to \$35 million in tax-exempt bonds and \$2.1 million in tax credits generating over \$20 million in equity for the project.

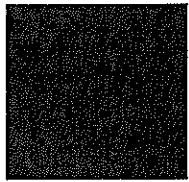

#### **Cleveland Tower**

Also in October, the City Council approved an ordinance supporting the construction of Cleveland Tower, a new \$28.7 million mixed-income rental complex for seniors in the Near North Side community.

Chicago Cambridge LP plans to build the proposed 107-unit building at 464 W. Chicago Avenue in the 27th Ward. Unit sizes will range from 685 to 900 square feet and initial monthly rents in the 13-story building will start at \$821 for one-bedrooms up to \$1,250 for two-bedrooms.

Eighty-two of the units will be leased to seniors who earn up to 60 percent of area median income, including 50 units that will be supported with project-based Section 8 vouchers. The remaining units will have unrestricted rents.

The building will also feature activity rooms and a fitness center. Other features include on site parking, retail space and a "green" roof.

The City will invest up to \$1.5 million in loans and up to \$3.5 million in TIF assistance.

## **Hope House**

In November, the City Council approved an ordinance authorizing the construction of a supportive living building for homeless persons with HIV/AIDS.

AIDSCare Residence III, LLC plans to build Hope House at 1251 South Sawyer Avenue in the North Lawndale community. The development will be part of a five-building campus with three residential structures, a wellness center, and a community center.

The 32-unit supportive living complex will provide ground floor space for a kitchen, dining room, recreation room, conference room and administrative offices. The three-story building will have space for 16 residential units on each of the two upper floors. Each unit will be approximately 275 square feet and will include a private bathroom. The complex will offer a wide variety of support services to homeless persons with HIV/AIDS whose incomes are below 50 percent of area median income. Residents will pay 30 percent of their income for rent and utilities.

The City will invest \$1.3 million in loans and provide a \$500,000 Housing Opportunities for Persons with AIDS (HOPWA) grant towards the project. Other funding sources include \$532,490 in donations tax credits from the Illinois Housing Development Authority and nearly \$3.4 million in other grants.

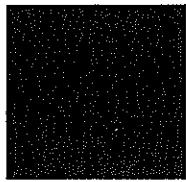

*Hope House, pictured here, will provide 32 units of supportive housing for formerly homeless individuals living with HIV/AIDS.*

## **Sankofa House, Coppin House and Clara's Village**

In December, the City Council approved an ordinance supporting the construction of three different projects containing 164 units of low-income rental housing for three special needs populations. Sankofa House in North Lawndale will be a 58-unit mid-rise building with 46 units for wards of the state and 12 units for grandparents or other relatives raising foster children. Coppin House in the Washington Park community will provide 54 units in two contiguous mid-rise buildings with 20 units for grandparents/relatives and foster children and 34 units for wards of the state. Clara's Village in West Englewood will have five buildings on scattered sites with 52 units for families who are homeless with various special needs.

The one to four bedroom units will range in size from 425 to 1,293 square feet. All units will be made affordable to those whose incomes are within 50 percent of area median income (which is no more than \$37,700 annually for a family of four).

Eighty units will receive a project-based rental subsidy from the Department of Children and Family Services and 39 units will receive a subsidy from the Shelter Plus Care Program from HUD.

The developer, Interfaith Housing Development Corporation of Chicago, will form partnerships with Sankofa Safe Child Initiative, Coppin A.M.E. Church and West Englewood United Organization for each development.

The City will convey 27 parcels of land and invest \$26 million in housing revenue bonds, \$4.6 million in loans and \$2 million in tax credits, generating \$20.1 million in equity for the developments.

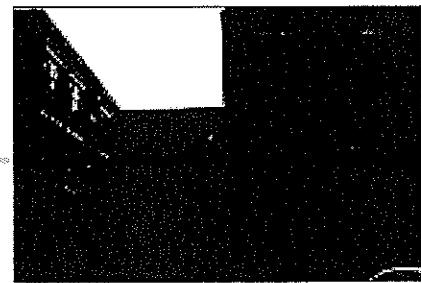

## **Uptown Preservation Apartments**

Also in December, the City Council approved an ordinance to issue up to \$10 million in housing revenue bonds, \$1.1 million in CDBG funds and \$557,273 in TIF financing for the rehabilitation of 77 units of affordable rental housing in the Uptown community.

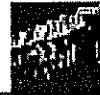

Community Housing Partners XI LP plans to rehab the Uptown Preservation Apartments, three buildings located at 900 W. Windsor, 927 W. Wilson and 4431 N. Clifton avenues in the 46th Ward, to help preserve their long-term affordability.

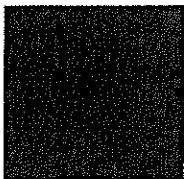

The buildings contain 12 studios, 20 one-bedroom, 32 two-bedroom, and 13 three-bedroom units of housing for families. The units will range in size from approximately 414 square feet to 1,004 square feet each. The first floor of the building will have an office, storage for tenants, two sunrooms, and a community room for tenants.

The properties were developed with Low Income Housing Tax Credits by the Chicago Equity Fund (CEF) in 1987. CEF is currently liquidating its assets, and 927 W. Wilson is currently in foreclosure. The other two buildings are at risk of foreclosure. DOH and the Illinois Housing Development Authority both have loans on the property. The proposed project will pay off the existing debt, and new loans will be issued by both DOH and IHDA for the same amounts as the old loans. The rehabilitation work will include: replacement of the roof, kitchen cabinets and fixtures as needed, all new windows, new porches, new piping in baths, and installation of new electrical service per the building code.

*This building, located at 4431 N. Clifton, will undergo significant rehab as part of the Uptown Preservation Apartments development, which will preserve 77 units of affordable rental housing.*

Currently, the Chicago Low Income Housing Trust Fund subsidizes 33 units in the development for households with incomes at or below 30% of the area median income (\$22,600 for a family of four). In addition, Residents for Effective Shelter Transition (REST), an organization that provides rental subsidy funds to formally homeless households using Shelter Plus Care funds, will continue to subsidize approximately 20 households at the Wilson and Windsor buildings. REST will also continue to provide case management services including referrals for substance abuse prevention, mental health counseling, and medical care for physical illnesses.

### **Parkside of Old Town**

In the fourth quarter, the City Council also approved an ordinance authorizing the construction of 111 units of new mixed-income rental housing as part of the redevelopment plan for Cabrini Green.

Parkside of Old Town-Cabrini Rental Phase 1, a \$36 million development planned for 545 West Division Street in the 27th Ward, will provide 83 units of affordable housing, including replacement housing for CHA residents and 28 market-rate units in an eight-story mid-rise building. The development will feature 44 one-bedroom and 61 two-bedroom apartments as well as four three-bedroom and one five-bedroom unit designed for larger families. The redevelopment plan includes "green" features such as permeable pavements, high efficiency heating and hot water systems, and insulated windows, walls and roof. Rents will range from \$340 to \$1,350.

The City will invest up to \$11.9 million in loans and \$1.5 million in tax credits, generating \$14.5 million in equity for the development. The City is also allocating \$3 million in Donations Tax Credits, which will provide \$2.5 million in equity for the development.

### **North and Talman Senior Apartments**

In December, the City Council also approved an ordinance supporting the construction of a 53-unit affordable senior building.

Hispanic Housing Development Corp. plans to build the proposed North and Talman Senior Apartments at 2634–56 W. North Avenue in the 1st Ward. The development will bring 48 one-bedroom and four two-bedroom units in a five-story building at initial monthly rents from \$385 to \$950. Sizes will range from 570 to 934 square feet. The apartments will be available to seniors, 55 or older, whose incomes meet the required guidelines.

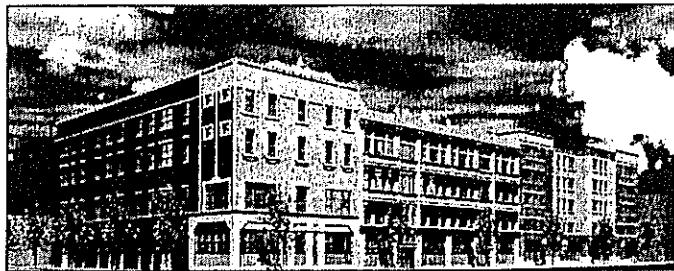

The City will invest \$1.7 million in loans and \$2.5 million in TIF assistance. Additional funding will come from private loans and funds.

The other component of the overall redevelopment of this block will be the rehabilitation and conversion of a historically significant vacant building into 24 affordable rental units for families. The renovation phase of the 24-unit building will include a mix of 1, 2, and 3 bedroom

units. The building will feature historic facades, high ceilings, and generous floor plans. After 15 years, Hispanic Housing Development Corporation will have the opportunity to purchase the property from the equity investor and in turn sell these units to the residents as condominium units.

These two developments represent a total of 77 new units of affordable housing with total investments exceeding \$24 million.

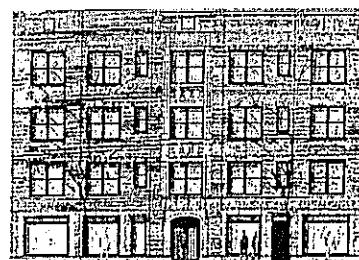

*The rendering above shows the North and Talman Senior Apartments (far right), along with the planned rehab of a building into affordable family apartments (center), and a planned rehab of a building into a market-rate condo development (far left).*

## **Wicker Park Renaissance**

The City Council also approved an ordinance authorizing the rehabilitation of an existing single-room-occupancy (SRO) building into a more modern 61-unit SRO with private baths and kitchens in the City's West Town community.

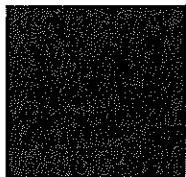

The proposed \$10.3 million project, located at 1527–1531 North Wicker Park Avenue in the 1st Ward, calls for the total rehabilitation of the four-story brick building. The scope of the restoration work will include major upgrades in plumbing, heating and electrical systems. New windows and a sprinkler system will also be added. Units will range from 338 to 513 square feet in size.

Wicker Park Renaissance will be developed by RRG Development Inc. The City will issue an \$891,540 loan for the project.

*The City is providing a loan of \$891,540 for the total rehabilitation of Wicker Park Renaissance, preserving 61 units of affordable rental housing.*

## Roosevelt Square Phase II

In the fourth quarter, DOH allocated \$1.5 million in Low Income Housing Tax Credits (LIHTCs) to Roosevelt Square Phase II. The LIHTCs will generate approximately \$15 million in equity for the \$52 million development, which features the new construction of 185 rental units, including 128 Chicago Housing Authority (CHA) replacement units, 55 affordable units, and two market rate units. This is phase two of the six-phase transformation of the CHA's ABLA Homes into a mixed-income community.

The proposed buildings, which will be masonry, will be three to four stories high with a mixture of three-flats, six-flats, and courtyard buildings, along with a mixed-use building that will contain commercial/retail space on the ground floor. Rents will range from \$340 for the CHA units to \$987 for an affordable three-bedroom unit.

Roosevelt Square Phase II is located in the Near West Side community in the 2nd Ward. On the north side of Roosevelt Road, the development site is bound by Lytle on the east, Loomis on the west, and Grenshaw on the north. On the south side of Roosevelt Road, the site is bound by Racine on the east, Washburne on the south, Loomis on the west and Roosevelt Road on the north.

## North Lawndale Supportive Housing Initiative

This quarter DOH also allocated Low Income Housing Tax Credits (LIHTCs) and Donations Tax Credits (DTCs) to the North Lawndale Supportive Housing Initiative, to be located at 1424–28 S. Trumbull and 1310–16 S. Spaulding in the 24th Ward. DOH allocated \$578,184 in LIHTCs, which will generate approximately \$5.2 million in equity for the \$5.7 million development. DTCs in the amount of \$858,000 will generate approximately \$429,000 for the development.

This development involves the renovation of two three-story brick buildings previously owned by the Chicago Housing Authority (CHA). The buildings are currently vacant and in poor condition, and have been shuttered by CHA.

After rehabilitation, the buildings will feature 11 two-bedroom units, nine three-bedroom units and five four-bedroom units, for a total of 25 units. The development will serve formerly homeless individuals, individuals recovering from substance abuse, and teen parents who are outgrowing the foster care system. Both buildings will contain an on-site property management office, a social service/case worker office, laundry facilities, and common space areas.

Rents will range from \$901 to \$1,244, but tenants will not pay more than 30% of their income for rent through the use of Section 8 vouchers or HUD Shelter Plus Care subsidies.

## Overview of All Multi-family New Construction and Rehab

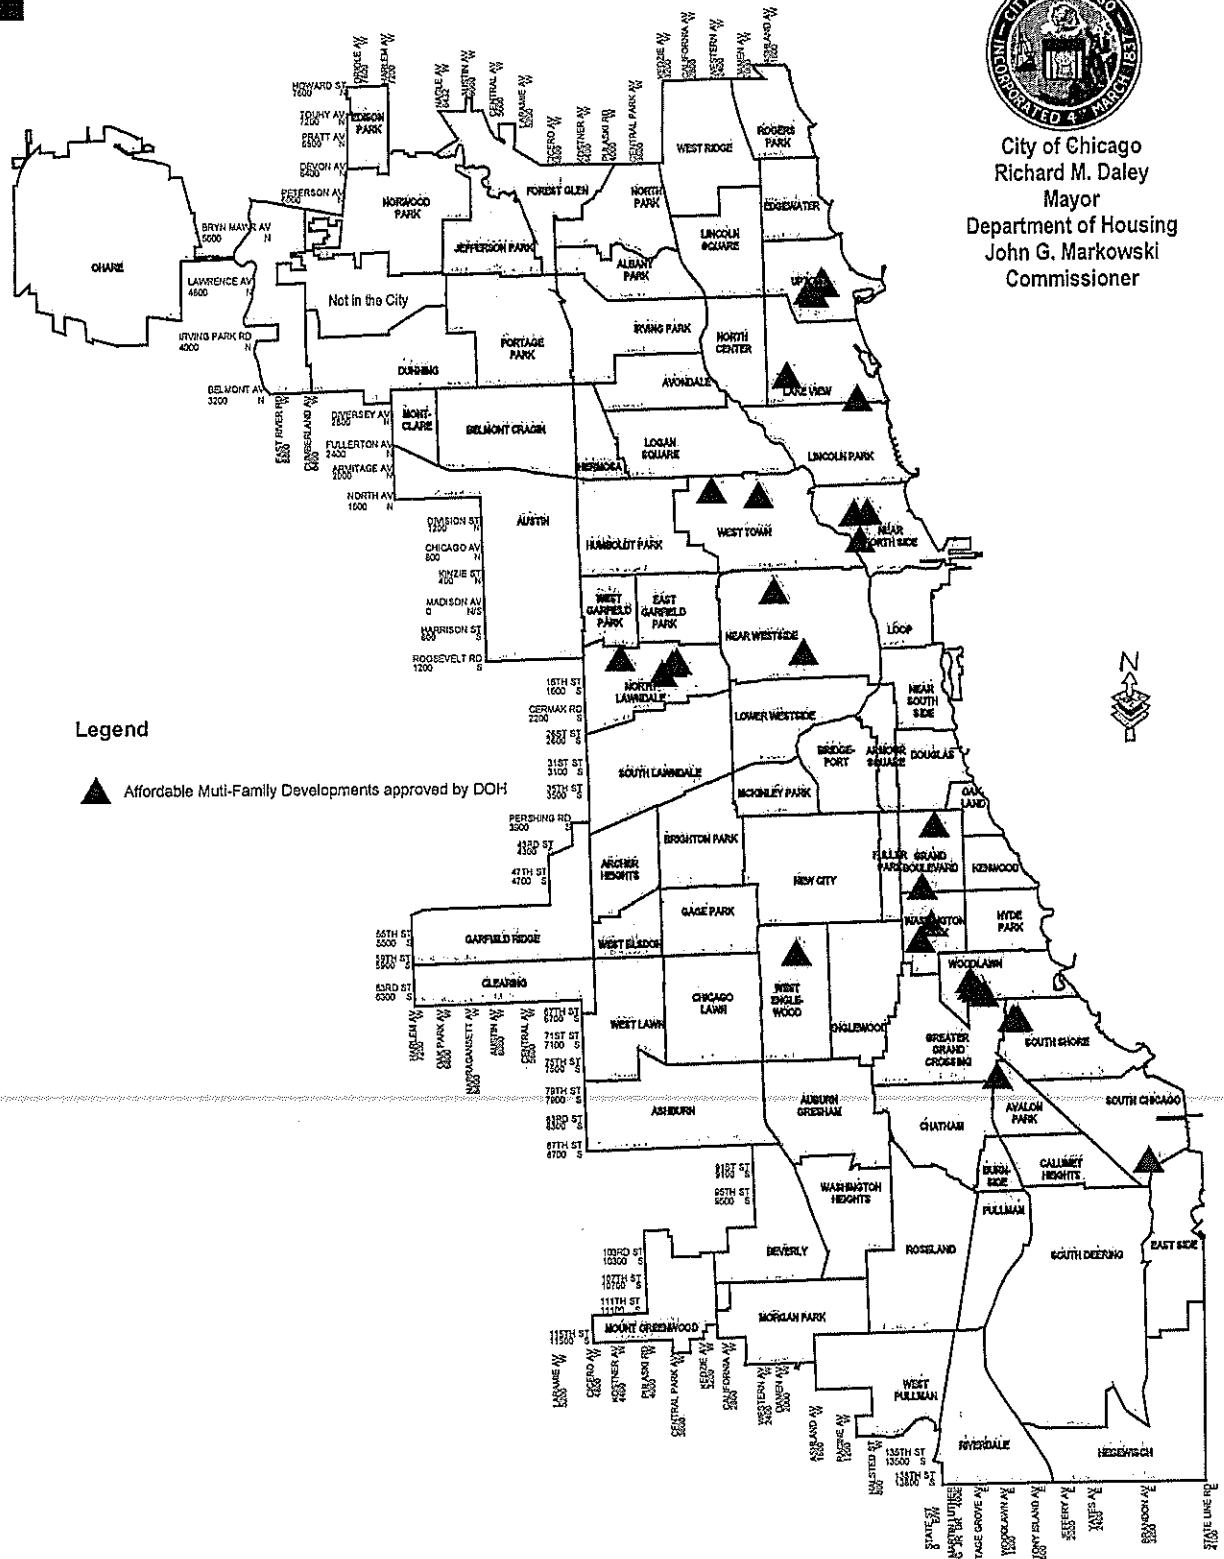

In 2006, DOH committed funding for the construction or rehab of more than 2,300 units of affordable multi-family housing. See the next page for a map of the 24 developments that DOH is funding.

## Updates on Previously Reported Developments

### Grand Opening of Solid Ground

In the fourth quarter, Mayor Richard M. Daley officially opened Solid Ground, which provides permanent housing for 16 homeless young men between the ages of 16 and 21 in the Humboldt Park community.

The development is in a three-flat building at 3507 W. North Ave., which was rehabilitated at a cost of \$1.2 million, of which \$383,917 came from the proceeds of the lease of the Chicago Skyway. It is operated by LaCasa Norte, a non-profit organization that provides services to homeless individuals and families.

"My administration is committed to helping those who need our support the most," Mayor Daley said. "And I think everyone would agree that homeless young people deserve to be at the top of that list."

LaCasa Norte operates programs at Solid Ground specifically for homeless and at-risk youth. Its staff develops a specialized plan suited to each individual's strengths, needs and challenges. They provide crisis services, both emergency and permanent housing, substance abuse services and educational and job opportunities.

At the ceremony, the Mayor presented the City's first Ruby Slipper Award to Sol Flores, Executive Director of LaCasa Norte.

The award, which recognizes the exemplary commitment of an individual or organization to Chicago's Plan to End Homelessness, is named after the slippers worn by Dorothy in "The Wizard of Oz." The motto of the Plan to End Homelessness, "There's no place like a home," is based on what Dorothy exclaimed as she returned to Kansas.

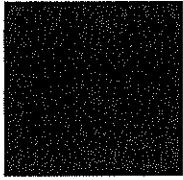

### Multi-family Building Stabilization

In the fourth quarter, the City of Chicago was one of nine cities awarded the prestigious 2006 Award for Municipal Excellence from the National League of Cities. The awards showcase outstanding programs that improve the quality of life in America's communities.

Chicago was the Gold winner in the 500,001-and-over population category for its Troubled Buildings Initiative (TBI), a program that integrates several preservation strategies to restore at-risk buildings to viable status and prevent them from becoming abandoned.

The cities were selected for the successful implementation of their programs and their possible replication in other metropolitan areas. Innovation, productive partnerships and the effective use of resources were highlights of the programs.

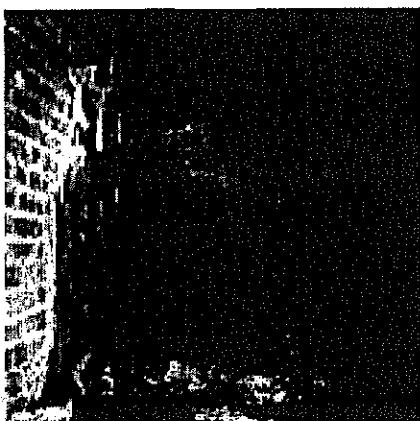

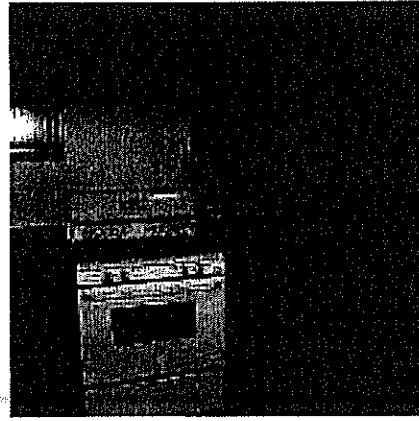

The Department of Housing works with the Community Investment Corporation (CIC) and individual property owners to restore blighted apartment buildings through the initiative. When owners fail to bring their properties into compliance, a variety of strategies are utilized, including court appointed receivers, transferring city liens to CIC for foreclosure, negotiating with lenders for sale of delinquent notes of foreclosure and purchasing delinquent taxes.

The building pictured below, located at 5050 South Laflin Street, is a good example of the buildings assisted through TBI. Vacant and fire-damaged, this building created an unsafe environment with drug activity and break-ins witnessed at the property. The exterior brick was charred, and the smell of smoke was still strong. Through TBI, a receiver was appointed to clean and secure the property. The new owners, Emanoil and Cornel Luciu, purchased the delinquent taxes and, with financing and technical assistance from CIC, successfully rehabbed and leased the building. The improvements have made a positive impact on the block and the neighborhood.

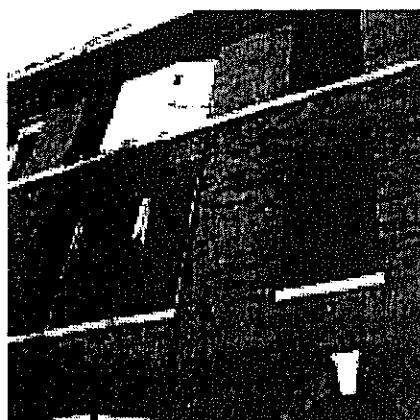

TBI was launched in July 2003. Rundown buildings are referred to the program by other City departments, alderman, community organizations and concerned citizens. Since 2003, TBI has assisted more than 4,200 units of multifamily housing.

## PROMOTION AND SUPPORT OF HOME OWNERSHIP

In 2006, DOH expected to commit nearly \$107 million to more than 1,500 households to help them achieve or sustain homeownership. DOH supports the construction of new homes, the acquisition and rehab of deteriorated and abandoned properties, and financing programs for home purchase and rehabilitation.

Through the fourth quarter of 2006, the Department committed \$172 million to support nearly 1,700 units, achieving 138% of the annual homeownership unit goal and 164% of the annual homeownership resource allocation goal.

### **Single Family Rehab and New Construction**

#### **Heritage Pointe Breaks Ground**

In November, DOH participated in the ground breaking for Heritage Pointe in the North Lawndale community.

Community Male Empowerment Project, Inc. (CMEP) plans to build the Heritage Pointe development, which will consist of 10 affordable two-flats, as part of the City Lots for City Living program. The development will take place on the 1–100 block of South Whipple Street. The two-flat design will offer two separate units, one with three bedrooms and 1 $\frac{1}{2}$  bathrooms and another with two bedrooms and one bathroom.

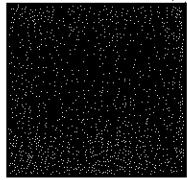

CMEP is a grass-roots organization that offers employment training and referrals for community residents. The organization also works with developers and contractors to hire disadvantaged workers, including ex-offenders. Led by Melvin Bailey, an ex-offender, CMEP hopes to train ex-offenders in the construction trades as part of the development of these new homes.

“We think this is a great day in Chicago,” said 28th Ward Alderman Ed Smith, calling the development a model for the ex-offender community as a means of improving their lives. He recalled Bailey’s past as an inmate and, after his release, as an activist lobbying for more construction jobs for ex-offenders.

“Look at what we can do when we work together,” said Bailey. “This is what can happen when you give someone a chance. This is going to be a help to the community.”

At the alderman’s urging, Bailey put together a development team and worked closely with DOH to identify land and structure a deal. The project was approved by the City Council in October.

Bailey plans to provide job training and other help to those just out of prison to give them a chance to learn construction-related skills.

The development was made possible thanks to the donation of land under the City Lots for City Living program. This developer will receive nine City-owned lots for a dollar apiece to build the 10 affordable two-flats.

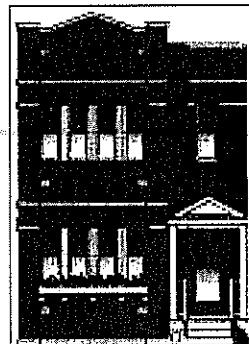

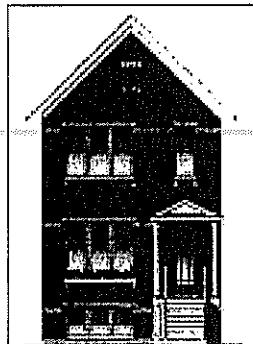

### New Homes for Chicago on West Monroe

In October, the City Council approved an ordinance supporting the construction of 12 new, affordable single-family homes on City-owned vacant lots in the Austin community.

The ordinance authorizes the disposition of 10 City-owned parcels for the construction of the New Homes for Chicago on West Monroe in the 29th Ward.

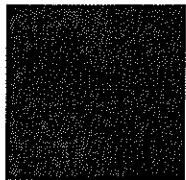

GenOne Group, Inc. plans to build the homes on scattered sites in the 5200 and 5400 blocks of West Monroe and West Van Buren streets. The two-story homes will feature three bedrooms and two baths with one parking space and approximately 1,500 square feet of living space.

Base prices on the single-family homes will start at \$195,000. The City will provide between \$10,000 and \$40,000 in purchase price assistance for qualified buyers.

*GenOne Group, Inc. plans to build 12 new affordable homes, including these pictured above, in the 5200 and 5400 blocks of West Monroe and West Van Buren streets.*

## Parkside Estates IV

In November, the City Council approved an ordinance supporting the construction of seven new affordable single-family homes and six affordable condominiums in the North Lawndale and West Garfield Park communities.

The ordinance authorizes the disposition of one City-owned parcel for the construction of Parkside Estates IV in the 24th Ward. Bethel New Life, Inc. plans to build the homes and condominiums on the 3800 block of West Maypole Avenue and the 1300 and 1400 blocks of South Keeler Avenue.

The single-family homes will have two stories plus an unfinished basement and feature three bedrooms and 1½ bathrooms. Base prices start at \$195,000. The three-story condo buildings will offer three units each with three bedrooms and one bathroom and 1,260 square feet of living area. They will be priced from \$179,000. The City will provide between \$10,000 and \$40,000 in purchase price assistance for qualified buyers.

## Overview of all single family new construction

In 2006, DOH committed assistance for the construction of more than 500 units of new affordable single family housing, through New Homes for Chicago, City Lots for City Living, and the Chicago Partnership for Affordable Neighborhoods.

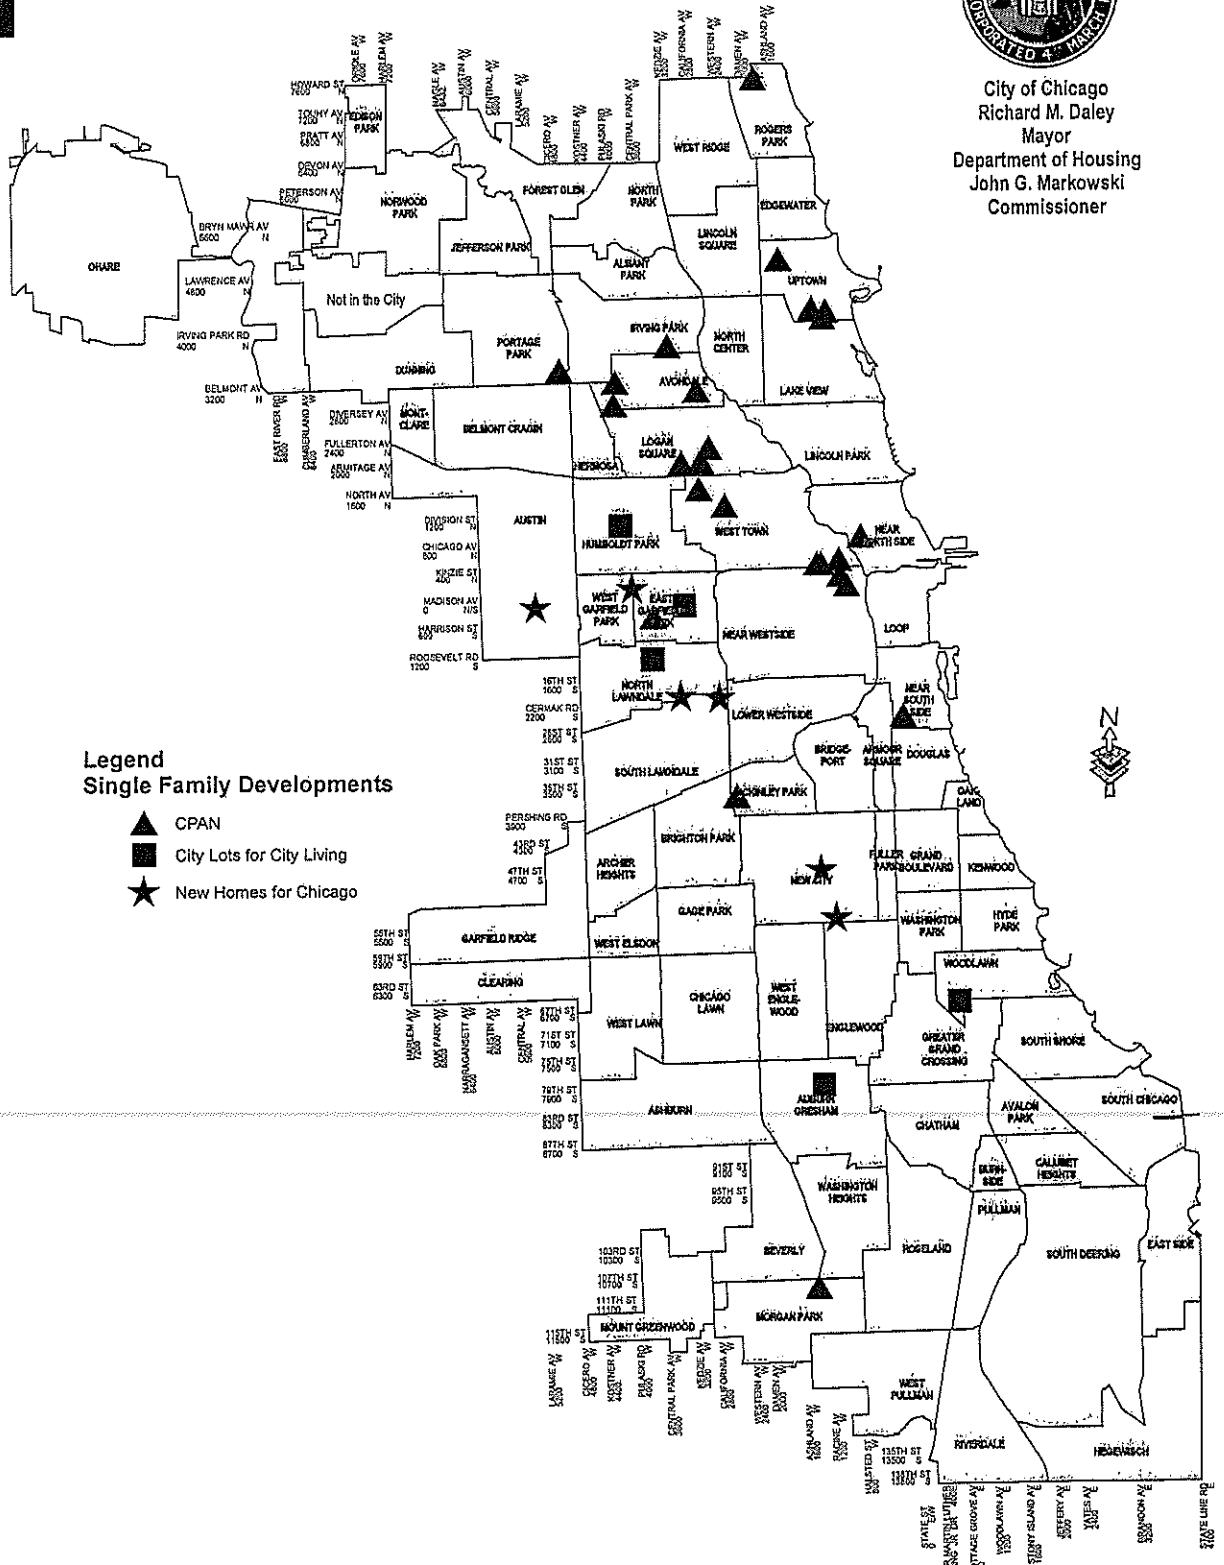

See the map on the following page, which shows the distribution of these developments throughout Chicago.

## IMPROVEMENT AND PRESERVATION OF HOMES

In 2006, the Department of Housing expected to commit nearly \$22 million to assist more than 2,300 households repair, modify or improve their homes. Through the fourth quarter, DOH committed nearly \$18 million in resources to support 2,340 units.

### Green Bungalow Block

In October, Mayor Richard M. Daley joined 17th Ward Alderman Latasha Thomas in previewing two rehabbed "green" historic bungalows in the 7700 block of South Throop Street, part of a model block program that provides help to residents for home repairs.

"When you preserve historic bungalows, you preserve the whole neighborhood. And when you renovate the bungalows with the latest energy-conservation materials and devices, you save money and protect the environment," said Mayor Daley.

The two bungalows were rehabbed using energy efficient and green technology and will serve as a model for homeowners to use as a guide as they make repairs to their own homes.

The bungalows were open for public tours on Saturday, October 14 and Saturday, October 21 from 9 a.m. to 3 p.m.

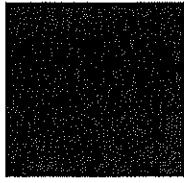

Some of the bungalows' energy-efficient features include:

- Geothermal heating and cooling systems that substantially reduce the cost of heating and cooling
- Six solar thermal panels that use natural sunlight to provide up to 30 percent of the energy for heating the home, and 100 percent of the energy required for the home's hot water
- Energy star appliances that reduce energy usage by 15 to 40 percent
- Water saving toilets
- Kitchen cabinets made from rubber trees
- Bamboo flooring and carpeting made from recycled soda bottles
- Rain barrels that capture storm water for on-site watering.

The bungalows were two of 30 homes in Auburn-Gresham on a four block stretch of Throop Street, between 76th and 79th streets, to receive energy efficient renovation through the "Between the Parks" initiative.

"Between the Parks" is a partnership between the City of Chicago, the Chicago Historic Bungalow Association and the Illinois Clean Energy Community Foundation to promote energy efficient renovations of historic bungalows.

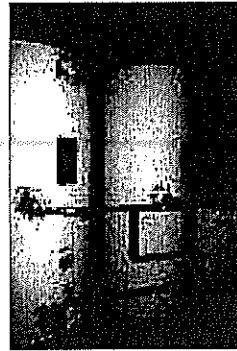

Through the program, residents use matching grants to help insulate their homes, purchase water-saving fixtures and appliances, upgrade their heating and cooling systems, install solar panels or make other improvements to make their homes more energy-efficient.

Other improvements to the block included new trees along the parkways, paving and concrete work.

At the corner of 77th and Throop, eight streetlights were installed with new lamps that reduce energy and maintenance costs. These are the first such lamps to be installed in the City, and are expected to function for up to 100,000 hours, compared to standard street lights, which last approximately 30,000 hours.

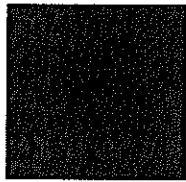

"We've worked hard to make Chicago the most environmentally friendly city in the nation through a variety of programs such as our comprehensive Water Agenda, our Center for Green Technology, green roofs, campus parks and median landscaping program," said Daley.

Since the Historic Chicago Bungalow Initiative was launched in 2000, more than 8,000 bungalow owners have joined the program, which offers grants and low-cost financing for home purchase and repairs, as well as federal income tax breaks, technical assistance and discounts for various home products and services.

*This bungalow, located in the 7700 block of South Throop Street, was rehabbed using environmentally friendly building techniques. The home features six solar thermal panels that use natural sunlight to provide up to 30 percent of the energy for heating the home, and 100 percent of the energy required for the home's hot water. Shown here are the hot water tanks.*

## INTRA-CITY COLLABORATION

### Department sponsors housing expos

In the fourth quarter, the Department of Housing hosted the Third Annual Rents Right Rental Housing Expo and the Southeast Region Affordable Neighborhoods Expo.

The Rents Right Expo was held on October 14 at the Illinois Institute of Technology's Hermann Hall, 3241 S. Federal St. The free event featured dozens of exhibitors, including government and community agencies, banks, insurance companies, developers of rental housing, and property managers. Bilingual (Spanish and English) seminars for landlords and tenants provided information on conflict resolution, housing discrimination, common building code violations and other aspects of rental housing.

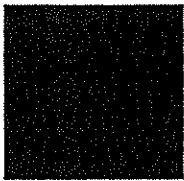

The Affordable Neighborhoods Expo was held on November 18 at Olive-Harvey College, 10001 S. Woodlawn Ave. It was part of a series of housing fairs designed to provide valuable information about affordable housing resources and programs available citywide and educate consumers about homeownership.

Representatives from various organizations, including other City agencies, banking institutions and home counseling agencies, were available to answer questions and conduct workshops on first-time homebuyer programs, credit counseling, predatory lending and reverse mortgages.

*Leona Barth of the Department of Housing provides information about the Department of Housing's programs to an interested citizen at the Southeast Region Affordable Neighborhoods Expo.*

## Cavalcade of Homes

In October, more than 2,000 prospective homebuyers attended the Chicago Cavalcade of Homes, an event designed to make more people aware of the many affordable housing opportunities available in Chicago.

At the Cavalcade of Homes, prospective homeowners were able to take free bus tours or self-guided driving tours of 36 affordable developments located in 24 different neighborhoods. The housing, which includes single-family homes, condos and town houses, was built with the help of various City housing programs, which provide financial incentives to developers and buyers.

Developers and City-approved lenders were available at the housing sites and at the Cavalcade of Homes headquarters at the University of Illinois at Chicago Student Center East, 750 S. Halsted St.

The City's Department of Housing staff was on hand to educate prospective buyers on City-backed mortgage products and other innovative financial tools designed to help working families purchase homes in the city.

Sponsors of the Cavalcade and Expo included the Chicago Department of Housing, *Chicago Sun-Times*, Chicago Transit Authority, *TimeOut Chicago*, Cavalcade of Homes, Chicago Association of Realtors, Chicago Department of Planning and Development, Chicago Public Schools, Freddie Mac, The Habitat Company, University of Illinois at Chicago, Abt Electronics, *Arts and Crafts Magazine*, AT&T, Chicago Center for Green Technology, Chicago Conservation Center, Chicago Department of Environment, CitiMortgage, Commonwealth Edison, Harris Bank, Illinois Association of Mortgage Brokers, Illinois Clean Energy Community Foundation, Illinois Housing Development Authority, LaSalle Bank, Merchandise Mart Properties, Peoples Energy, Shorebank, and Washington Mutual Bank.

A sales representative tells cavalcade attendees about the homeownership opportunities available at Roosevelt Square, located in the Near West Side community.

Cavalcade attendees view the site plan for the Park Boulevard development, located near 35th and State streets in the Douglas community.

\* The 12 units counted in the fourth quarter are CHA replacement units that are a part of the River Village Point development. The 11 remaining units and the dollars associated with this development are being counted in the single-family rehab and new construction section of the report.

\*\* Dollar projection revised from \$3.5 million to \$1.5 million because DOH anticipated using \$2 million in Density Bonus funds for New Homes for Chicago, but these funds will not be available until 2007. The unit projection was also revised to align it with the dollar projection. DOH is not counting any dollars in this line because under the New Homes for Chicago revisions approved in 2006, all New Homes for Chicago subsidies are now subsidies to the buyer that will be captured in the Home Purchase Assistance line below going forward. The New Homes projects approved in 2006 will utilize all of the funds budgeted for the program in 2006, and those dollars will be counted in the third quarter for assistance.

\*\*\* The 14 units counted in the third quarter are the affordable for-sale units in the Parkside of Old Town-Cabini Phase I development. The TIF dollars are being counted in the multi-family rehab and new construction section of the report.

# Unit projection for City Land adjusted to reflect the change in the New Homes for Chicago unit projection.

+ Third quarter Troubled Buildings Initiative [Single Family] unit count adjusted from 29 to 27 to account for a reporting error.

\* The Adjustments line accounts for developments that were inadvertently double-counted, as well as projects that may have been approved in one year, but later cancelled. The line also accounts for units assisted through the Chicago Low Income Housing Trust Fund Rental Subsidy Program, which are counted in the first year of the Plan, but then need to be subtracted so we are not double-counting them each year. Projects inadvertently double-counted in 2004 are Madden Wells Phase 1B (162 units), Spaulding Apartments (36 units), and Revelation Pointe (39 single-family units). Mission Metamorphosis (10 units) was cancelled in 2004.

\* It is anticipated that the First Mortgage amount will be up to \$9,300,000 during the construction period which will be repaid with the TIF proceeds of \$3.5 million to reduce the outstanding principal balance of the First Mortgage at conversion to the permanent First Mortgage amount of \$5,800,000.

\*\* At the time of Internal Loan Committee, the developer anticipated increased hard construction costs estimates from the general contractor, which may increase total development costs. If this occurs, the project may be eligible to receive additional HOME loan in a total amount not to exceed \$1,500,000.

\*\*\* TIF proceeds will be in the form of a pay-as-you-go structure.

NOTE: DOH is changing the way it counts dollars committed through the New Homes for Chicago program. DOH is not counting any dollars in this line for 2006 because under the New Homes for Chicago revisions approved in 2006, all New Homes for Chicago subsidies are now subsidies to the buyer that will be captured in the Home Purchase Assistance line. The New Homes projects approved in 2006 will utilize all of the funds budgeted for the program in 2006, and those dollars will be counted as buyers are approved for assistance.

Note 1: For HOME-funded developments, rents are the "lesser of" the FMR for the unit size or 30% of the adjusted income of a family whose income equals 65% of the area median. This is known as the "High HOME Rent."

Note 2: In HOME-funded developments with 5 or more units, 20% of the HOME-assisted units must be occupied by very-low income families whose rents do not exceed 30% of the annual income of a family whose income equals 50% of the area median. This is known as the "Low HOME Rent."
